

AN OPEN INTERNSHIP

What to expect...

We're looking for highly creative people from all walks of life to join our team this summer for 4-6 weeks.

This is a hands-on creative role based at our Bristol HQ. You'll be working on live briefs of all shapes and sizes, for local, national and international brands.

Our ethos is simple: to create meaningful and engaging work for our ~~clients~~ partners, with heart and soul. We promote a strong studio culture that feeds creativity.

This is a great opportunity for a junior designer with a passion for graphic design to work in a design agency. Being part of a close-knit team will allow you to develop your skills across all areas of design.

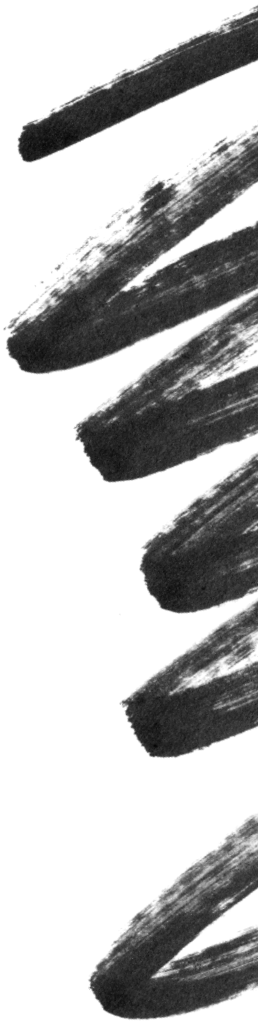

You'll be expected to get stuck in from initial ideas, right through to delivery of work. You're highly creative and someone who lives and breathes graphic design.

What your background might look like...

- This internship is open to anyone, but we would particularly like to hear from people who come from under-represented backgrounds in design.
- No previous agency experience necessary.
- You could have taken a traditional education path or a less common route, either way is fine with us (you don't need a university degree to be a great designer).
- You'll have a portfolio of work showing your approach and creative thinking.
- You have some experience working in Adobe Creative Suite; Photoshop, Illustrator and InDesign.

What you'll be like to work with...

- You're ready to roll your sleeves up and get stuck in. Keen to learn, ask questions and push yourself.
- You have a genuine passion for graphic design.
- You're determined, considered and conscientious.
- You're honest, committed and kind.
- You're confident and willing to take risks in the name of creativity.
- You're a self-starter who takes the initiative and can figure things out for themselves.
- You're always looking for opportunities to learn and develop your skill-set.
- You're a natural team player with a collaborative approach.

Perks and benefits...

- A salary of 19K per annum.
 - If you need to travel to our studio in Bristol, we will cover £100 of travel costs per month, for the 4-6 week duration.
 - For those living outside of Bristol, we will cover a maximum of £500 of accommodation costs per month, for the duration of your stay.
 - Working on an exciting variety of projects for brands big and small, far and wide.
 - You'll work in a bright and bustling studio environment, with the opportunity to spend 1 day a week working from home.
 - Flexible working hours.
 - Paid for social events – always fun.
