

WHAT TO EXPECT

We're looking for highly creative people from all walks of life to join our team this summer for 4-6 weeks.

This is a hands-on creative role based at our Bristol HQ. You'll be working on live briefs of all shapes and sizes, for local, national and international brands.

This is a great opportunity for someone with a passion for graphic design to work in a design agency. Being part of a close-knit team will allow you to develop your skills across all areas of design. You'll be expected to get stuck in from initial ideas, right through to delivery of work.

WHAT YOUR BACKGROUND MIGHT LOOK LIKE

- We would particularly like to hear from people who come from underrepresented backgrounds in design.
- No previous agency experience necessary.
- You could have taken a traditional education path or a less common route, either way is fine with us (you don't need a degree to be a great designer).
- You'll have a portfolio of work showing your approach and creative thinking.
- You have some experience working in Adobe Creative Suite.

WHAT YOU'LL BE LIKE TO WORK WITH

- You're keen to learn, ask questions and push yourself.
- You're determined, considered and conscientious.
- You're honest, committed and kind.
- You're confident and willing to take risks in the name of creativity.
- You're a self-starter who takes the initiative and can figure things out for themselves.
- You're always looking for opportunities to learn and develop your skill-set.
- You're a natural team player with a collaborative approach.

PERKS AND BENEFITS

- A salary of 19K per annum pro rata.
- If you need to travel to our studio in Bristol, we will cover up to £100 of travel costs.
- For those living outside of Bristol, we will cover up to £500 of accommodation costs per month.
- Flexible working hours.
- Paid for social events – always fun.

Body: Tell us a bit about you and why you'd value the opportunity.

This can be in the form of either:
